## Helping Those Who Protect Our Freedom

Wounded Warrior Homes.org is a 501 (c) (3) nonprofit public benefit CA corporation that serves medically discharged, single men and women of our armed forces with Traumatic Brain Injury (TBI) and Post-Traumatic Stress Disorder (PTSD). Our mission is providing affordable housing, hands-on resources, and a defined path for each to transition from active-duty military service to independent living as a Veteran of foreign wars. Structured to provide the area's longest transitional housing, up to 2.5 years, together with alliance partners immediate support services will be

given to the new generation of Veterans of foreign wars. The residual positive impact of establishing Wounded Warrior Homes is affordable housing, job creation and lending service members a hand up to save for their future.
